# What do you think about Worms?

Worms have opposite between 2D and 3D game. Worms 2D is very simple game and 3D is more improve 3D graphic.

I think the best Worms 2D because it can see other members of your opponent's team. Worms 3D is more difficult to see your enemy's team but it have a map to help to find the team.

I think Worms game make people remind World War One/Two or people think it could be war in the **hell!**

# What do you think about Time Crisis?

I think Time Crisis is good idea game for people because it can get job for police or FBI if you are a perfect shooter.

People would like to learn how use a gun and perfect shots. I think it have a problem about realism life because the enemy could shot person than you are dead!!!

Time Crisis will help people to training with the G-Con and try get perfect shot without dead.
